

Susanna

Reflections in a window
Memories in mind
Confident and dreamy
The one of a kind

And it's almost like a
Wind that blows
Across the velvet sea
When you look into her
Eyes so blue and
Wish you were that free

Business-looking with
A coffee by her side
Waiting for a friend of her
Nothing more to hide

And she looks up make a
Smile nice to
Meet a friend from then
Her lips says Hi
and she's so glad that
He is here again

Suddenly regretting
Times when she's been hiding far
Behind a pair of sunglasses
Like a famous star

Remembering the times
When he waited by the door
Treated like a worn-out skirt
Expecting nothing more

Walking in her garden
Grass and trees are green
Sun is always shining
And for her has always been

And her lips are red like
Roses but her
Mind is far
Away
Always something else
That comes to mind and that's
Okey

Suddenly regretting
Times when she's been hiding far
Behind a pair of sunglasses
Like a famous star

Suddenly regretting

Times when she's been hiding far
Behind a pair of sunglasses
Like a famous star

Remembering the times
When he waited by the door
Treated like a worn-out skirt
Expecting nothing more

Walking in her garden
Grass and trees are green
Sun is always shining
And for her has always been
